Introducing your new apartment

All of our developments are designed with you in mind. From the location, to the light switches, each element of a Churchill apartment is carefully considered to ensure you have the retirement you want. Your own front door gives you privacy when you want it, but a communal Owners' Lounge opens up a whole new social life with like-minded neighbours when you wish.

Shower rooms feature low-level shower trays and easy turn taps, while kitchens include a waist-height oven, hob and washer/dryer as standard. You'll find walk-in wardrobes in the bedroom and open space in the living room, giving you flexibility with furnishings.

Beautifully landscaped grounds are all maintained for you and ideal for enjoying a cup of tea with the neighbours, or doing a spot of gardening. A Lodge Manager is also on hand to manage the Lodge and ensure everything is running smoothly.

Two bedroom apartments feature a separate WC or an en-suite to the bedroom, while the second bedroom can also serve as a dining room, home office or a guest room – the choice is yours. Both one and two bedroom apartments include space for storage which is specific to each apartment.

The development is also heated via a communal ground source heat pump system, which harnesses the ambient energy within the underlying ground and converts it in a very efficient way. These systems are able to produce more energy than they consume and provide lower running costs of heating and hot water.

While you have the privacy of your own front door and apartment, giving you peace and quiet when you want it, the communal areas in our Lodges give you the perfect areas to socialise, with like-minded neighbours. From the facilities, to the ready made social life. Churchill is more than just a retirement apartment.

Enjoy a safe and secure retirement with Churchill

Your safety and security are of paramount importance to us, which is why we take the time to consider the little details; the ones that often make the biggest differences.

With that in mind, we fit all of our apartments with a call alarm system in the hallway. This is connected to a 24-hour support system, so in the event of an emergency, you have direct contact with either the Lodge Manager, or a member of the call-centre support team, 24 hours a day, 365 days a year.

The system provides video door entry with a standard TV, allowing you to view any visitors on your TV before you choose to let them into the main entrance.

An intruder alarm is fitted to the front door of your apartment, while ground floor apartments also have sensors fitted, giving you that extra peace of mind. Fire and smoke detectors are also fitted in communal areas and within your apartment, so you really can enjoy a safe and secure retirement.

The welcoming Owners' Lounge is home to a variety of events all year round, and is a popular spot for a catch up with the neighbours, or for settling in a quiet corner to enjoy a good book.

We have a programme of events which include an array of fun and social activities. Owners can take part in things such as cheese and wine evenings and keep fit classes.

Each Lodge even has a Guest Suite which Owners can book for any family and friends who wish to stay overnight.

Property management you can trust

All Churchill Lodges are looked after by Millstream Management Services, our own property management company. Millstream was set up in 2006 to ensure all of our developments are managed smoothly and efficiently.

Each Lodge has a Lodge Manager, who takes care of the day-to-day running of the development. They can answer any queries, keep an eye on your apartment if you go away, and even help you arrange an event in the Owners' Lounge. Many of our Owners see their Lodge Manager as a friendly neighbour they can call upon, who is a great help when they need it.

Millstream Management Services also looks after the management charges and administers any Lodge outgoings. The management charge includes ground rent plus a service charge, which covers a whole host of things. All exterior maintenance and upkeep of communal areas such as lifts, hallways and paths, is covered.

The service charge also includes hot water in your apartment, general heating, water and sewerage charges, buildings insurance, garden maintenance and window cleaning. It also includes many things that you would ordinarily pay extra for, such as 24-hour support system, the furnishing, heating and cleaning of the Owners' Lounge and the services of the Lodge Manager.

We are completely transparent when it comes to costs with no hidden charges, so you don't have to worry about unexpected bills. The Sales team will be able to give you a breakdown of specific charges, so that you can see exactly how much everything costs.

Churchill does not charge a transfer or exit fee if you sell or sublet your property. There is a 1% contribution to the Contingency Fund on resale of the gross sale price or 1% of the open market value is payable, which is held on behalf of Owners towards longer term repair and replacement costs.
